Subject: Request to use MARLBORO

Ref your Oct 25 fax: this is the same Mr Bernardini of Miber and of LH Industries who had called me from Singapore and from Ticino some time ago. This is what had prompted me to ask you for your views generally re permissions in respect of model cars.

I expect to hear from our Marketing Dept regarding permissions granted by Mc Laren (and possibly other teams) to other third parties in respect of model cars, however, I have to wait for the return of the person in charge who is currently preparing the Australian GP.

I shall revert in due course.

Kind regards
